To whoever will read:

Please consider this: In a country where the children are abused and maimed you can only imagine the ⁶⁴⁴⁶plight of animals. Especially animals "who are going to be eaten".

Have you spent any time on the slaughter floor. I don't blame you! I wish I hadn't.

Anyway, its hard to change things, but please consider making it a little easier for the animals to die. Do they really HAVE TO suffer so much!

Please grant the Petition 98P-0151/CP1 to prohibit the slaughter of DOWNED ANIMALS.

Downed animals comprise a very small percentage of animals slaughtered and prohibiting their marketing will cause no undue economic hardship.

maybe downed animals can't be prevented, maybe it can. If it happens they should be taken from their misery quickly and humanely.

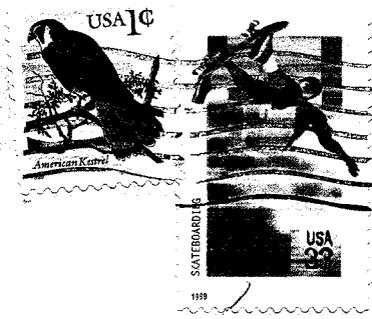

Your decisions are so important. Please just show some compassion around in this cruel world. It's a small price to pay.

Sincerely,

Theresa F Levy C3533
